The Light of the Lantern

From the time the lantern was lit at the beginning of the year, the light has grown from mere flickering sparks of friendship, learning, and happiness into a bright, steady flame. The growth may at times have been slow and uncertain, but the light never failed. As the stimulating demands of studies and activities were met, the rays increased in brilliance.

The year is now drawing to a close, and in a few months it will be time to light another lantern. Do not let the light of this lantern be extinguished. Cherish that which is so full of your accomplishments and experiences.

Dedication

All passes. Art alone
Enduring stays to us.

Austin Dobson

The spark of beauty was lit in the heart of a sensitive young girl and was fanned during her school years at Miss Hutchison's. This glow manifested itself in gentleness of nature and creativity of spirit. After her college years, she returned to the same school which had so enriched her youth to give of her store of wisdom and talent.

The light of her influence has been felt daily, especially through the current art exhibits which she has helped arrange in the foyer. The decorations for festive occasions such as Christmas, May Day, and parties have been the products of her knowledge. Her guidance has brought pleasure to the children who have received favors made by the Junior Red Cross. She has not only made our lives fuller by providing these things, but she has also instilled an interest in art and an appreciation of beauty in our hearts. Her enthusiasm, her patience, and her understanding have won Miss Elizabeth Davant to the hearts of the hundreds of girls who have passed through Miss Hutchison's.

Lantern Staff

The Lantern Staff has endeavored to depict the life at Hutchison's in such a way that each reading of this annual will bring back fond memories. The staff has given much time, thought, and hard work to this the 1960-61 edition of the yearbook. We can only hope that you will enjoy reading it as much as we have enjoyed creating it.

President's Message

The true worth of a person or an institution can be measured only in terms of intangibles. Faith, truth, beauty, trust, friendship, scholarship, character—yes, and gentleness—make the spirit of an individual or an institution great.

The spiritual depth of Miss Hutchison's School has developed through the years by the interchange between a faculty of the highest caliber and thoughtfully receptive, stimulating students. This beneficial exchange has enriched and enlarged the spiritual image of the school far beyond that which either faculty or students could have created alone. It is our daily purpose to encourage every student to develop a soul of integrity and a sound body guided by a reasoning mind.

It is a privilege for me to share the joys and tribulations of the students as they pass along the scholastic journeys from kindergarten to young adulthood.

It is an honor to be the successor to those great personalities—Miss Mary Grimes Hutchison and Dr. William Atkinson.

I know that this generation and the generations to follow will preserve and enhance the Hutchison Spirit which has been developed.

As you know Cathey, before this year I had never known you very well but I seem to have grown closer and closer as the year rolled on. I believe that the light of our friendship has grown strong and steady each day of the year. I could never tell you the happiness and quity you brought me. Your sparkling personality is like the light because whenever you enter the room is filled with the glow of your friendly ways. I don't have to tell you ~~[illegible]~~ your leaving Dutchtown is going to make a tremendous gap in the school life. This year has been great and I hope we have many many more to share together. I wish you would stay but I guess that's impossible. I feel like I'm losing the greatest friend a girl could have. Enough of that. I feel like I'm writing a love letter. HA!! Have fun at Central chasing those boys. So that's the reasons. Peter boys to me! Well! I know that all this is rather silly ~~because~~ but I do feel pretty sad!!! I hope that our friendship will never die, Funnytails, let's try to keep that flame in our lantern of friendship burning til the end of time.

Love and luck always,
Rebecca

Hi!
Looks like to me that everyone has said just about everything already. Really (so original) you are a great kid. ~~I~~ I wish that you could be here next year so we could continue making funny faces in Latin. You will have fun I know at Central but always you will be missed at ol' Hutch, I know I will very much. But have fun, be ~~good~~ and please stay happy.

Jean

P.S. Come visit us sometime.

To a great kid who will always live in my heart. Cathy, this year it has been GREAT sitting by you. Your adorable face has and personality make you loved by all. There is a certain laughter and gaiety in you that can't be extinguished. Let us always keep as close as ever are, even when your sweet nature, and character jokes, your success. To the truest of pals and the cutest of gals. Love always,

Dallas

Love for,

Cathy,

I really have enjoyed knowing you this year. It's been a lot of fun. Remember that night you & Connie and I went to the library and played hide and go seek like three year olds. If we were queen but undo fun. I hope there will be some other good times too. I know you'll love Central and I wish you all the best and happiness in the world. Don't ever let it change you except for the better. You are a great girl and maybe I might even be there next year too. Anyway it's been a pleasure knowing you. Love always,

Kelly

Cathy-

To a real riot of a girl. Don't make Hutchison really won't be the same without seeing that adorable smile every morning. You truly deserve to make the biggest of hits at Central, cause after all they're getting a girl who has more of what it takes wrapped up in one than all of Central put together. You'd better not forget your ole' buddy when you're just the way you are this very minute and remember "stay be great!!

Love,

Susan

Cathy,
Just a few more days and we'll be out for good that is if my transfer comes through (Sweat!!). I hate leaving this place but I feel as though Central will really offer all the things we want. I can't be like everybody else and say I'll miss you cause I'm going with you. I know we'll have fun and I've had many great times with you this year and I know it'll be even better at Central.

Cathy - to a darling girl who (whom?) I've enjoyed knowing. I'm sorry you're leaving but I know Central'll be a blast. It was wonderful working on the play with you and I hope you have a great summer. Andy

Cathy, I really will miss you when you're not around and you can't be at Hutchinson. But I know you will love Central and it will love you even more. This year has been one of the greatest for me and though we haven't seen much of Mack after I still consider you a good friend and always will. I can't tell you how happy I am that you're getting to go to Central and all. I only wish I'd gotten to go there. All the things we used to do during Company as an intermediate department and Church and not from school at Hutchinson. Just a few more weeks and you're out of there for good. Friendly and sweet as you are, you'll make lots of friends everywhere. Guess that way I'll have to come and visit you at Kansas Central. Have fun and make me proud - camp

Love,
Linda

Cathy,
There isn't
anyother place

Dear Cathy,

This has really been a hectic year, but you and your adorable smile has really helped me out. Through all of our years at Hutch, you have been my dearest and closest friend. When we started at Hutchison we got in a million fights but since then we have helped each other through all of our daily trials. I am so glad that I won't have to

Cathy doll —

You really are a bundle of wit and a perfect ball to be around. I loved every minute this year with you. See ya this summer and good luck at Central next year. We'll miss you here at Hutch —. Love always,

Kay

Dear Cathy,

This year has really been great having your sweet smiles and friendly, personality and witty around. It won't be the same next year without you, but I know you'll have a blast at Central. We'll also miss you sooo 'thin terrible, so come see us sometime. I'm glad we became good friends this year, & I hope Central won't change anything (except to make us better friends) See you at U. Club

My best wishes to you & good luck,

PS. Have fun at Central!

Love ya, JUDY BARRY

leave you behind too because I love you so much. Next year I hope we go to school together.

Cathy,

I really don't know how to begin this because next year we'll be at Central together. I'm really living for the day when we walk up the big stone steps of Central. I know we are going to have a blast!

Even though we are leaving ole Hutch I'll never for get the great times we've had here. There are really going to be some great memories. For instance, I'll never forget Washington, ever. We had a great time and the memories will last forever. I'll never forget the great times at the U. Club last spring or the wildest of times with Leslie. Horseshoe last summer and just recently are great memories that will last forever. Really the greatest of times have been the times with you. I've realized that the times were made great by you. You make whatever we do together fun, just by being your sweet, fun loving and wild self. If you ever change it would be horrible without your friendly smiles and funny way. I sh sure hope you never change because if you stay the way you are you will really go far at Central.

Lots of Love,

Emily
